REHMEYER

Welcome

Rehmeier Floors offers a wide variety of high quality hardwood flooring to accommodate different styles, budgets and schedules. From our economical *Stock* floors to our *Extreme Customs*, they all share the same level of superior grading and precision milling. Learn more about our floors and their options online at www.rehmeierfloors.com.

Stock Flooring (Most items are on the shelf and readily available.)

“Complete”- Prefinished / Ready To Install:

We've combined *Precision Milled Rehmeier Flooring* (12" - 84" lengths) with Rehmeier's new *Lifetime Finish* (Aluminum Oxide finish featuring a 25 Year Limited Warranty) and packaged it in easy to handle boxes for convenient transport & storage. For current availability, pricing, or to place an order, call us today at 1-888-474-4047.

“Craftsmen Series”- Unfinished Flooring Sand & Finish On Site:

The foundation of every Rehmeier floor begins with one consistent core set of standards: quality lumber, custom grading and superior milling. Builders and professional installers agree that these elements, combined with our **longer than average board lengths, end-matching** and **low waste factor**, add tremendous value to every project.

Custom Flooring

Floors from our Custom Collections are crafted one at a time to each client's specifications. Each Collection offers an array of Custom Options to satisfy any décor. Choose your favorite species and determine your personal style. Select from our design Collections and customize your floor: an assortment of beveled edges, decorative pegs and finishes are some of the possibilities. It's that simple! Browse our picture galleries online or in our catalogs for ideas.

Matching accessories, such as vents and stair treads, can be made for all Rehmeier floors.

Wood pegs, accent colors, beveled edges and custom finishes are just some of the available options.

More options are available online.

Extreme Custom

Extreme Custom Floors defy words like “standard” or “Collection”. They transcend boundaries and are limited only by your imagination. These floors are inspired by your creative instincts, and truly become a work of art. Our mill, our craftsmen and your passion, that's what makes a Rehmeier Extreme Custom. Allow us to help you realize your dream floor today!

Installation Available

Installation of any Rehmeier floor can be handled by our well-trained professionals. Visit our website or call us today for details. 1-888-474-4047.
